

By Jack Wood
Everyone appears to be after the cheese in the current Westborough annexation proceedings.

But it appears South San Francisco will steal the prize. A public hearing has been set for Oct. 7 by South San Francisco on annexation of the undeveloped portion of Westborough.

This is the second attempt by South San Francisco to annex this property.

Last year a referendum petition was filed during the 30-day waiting period which followed the council hearing.

The developers of the project withdrew their application. This time the city has initiated the annexation action.

Valuable Asset

An editorial in the San Bruno newspaper cites Westborough as a valuable asset to San Bruno citizens.

The editorial says San Bruno will lose tax dollars if the annexation becomes a reality, and that Westborough can create traffic problems and boundary problems.

Pacificia councilmen have voiced the opinion they have "missed the boat" in the Westborough annexation.

However, it has been noted in the Pacifica newspaper that Westborough is out of the natural Pacifica watershed (wrong side of the hill), and is not really compatible geographically with Pacifica, is more "bayside" than "coast-side."

It's already in the South San Francisco school district.

Lost Out

Daly City lost out to Westborough in 1960 when a referendum vote of the people defeated the issue.

The 375 homes in Westborough and the portions of the subdivision which have already been approved by the county planning commission are not subject to the South San Francisco action.

South San Francisco moved on the annexation of the undeveloped portion of Westborough after Daly City filed

for annexation of 900 acres of Christen Dairy lands.

In all appearances South San Francisco is holding all the cards on the annexation in the areas of geographic location, community interest, and would appear to be first to capture this 580-acre prize.

**State to
bear T.N.
change**

All of the money needed to convert the Terra Nova High School Library into an additional classroom and teacher's facility has been approved by the State Allocations Board, according to District Superintendent Edward Morgan.

The board changed its position from a partial allocation after a presentation by Morgan who appeared before the body in Sacramento.

In accepting the superintendent's report at last week's meeting of the Jefferson Union High School District, the district trustees credited Morgan for his efforts.

The school district had been informed by the state board that only a portion of the more than \$20,000 needed for the project could be given by the state. The balance, the board said, would have had to come from the district.

Morgan went to Sacramento to argue the district's position in the matter.

In other action by the Sacramento board, money to make exterior changes to the Terra Nova building was turned down; but a loan to make repairs to pipes damaged during the demolition of Jefferson High School was approved.

The high school district board was told also that area painters did not bid on the Jefferson Gym job since dust raised by the high school demolition would mar the paint.

The board agreed to request bids next spring.

**Daly City opens fall
creative arts program**

The Daly City Recreation Department announced the opening of its fall Creative Arts program under the direction of Nedra Merrick. Designed for both boys and girls, the program will feature Creative Dance, Modern Jazz Dancing, and a Teen Drama Workshop. Miss Merrick's success with these programs on an inaugural basis in the summer months prompts their continuance and expansion throughout the school year, according to Charles Vincent, Director of Recreation.

A description of the program and the site and time of each are as follows:

Creative Dance—A class activity designed to develop poise and grace through expression by rhythmic movement. Participants will experience flexibility exercises and basic dance skills. They will then learn to apply them to thoughts, stories and patterns of free expression. Classes are for girls and boys between the ages of 7-17. Registration is at the first meeting of each class.

Monday 4:45 p.m., Bayshore School; Tuesday 4:45 p.m., Pauline Brown; Wednesday 4:45 p.m., Westlake Park Clubhouse; Thursday 4:45 p.m., War Memorial Community Center; Saturday 9:30 a.m., Westmoor Park Clubhouse.

Modern Jazz Dancing—A program offered to boys and girls 12 years of age and over who are interested in modern dance interpretation to music. The program will feature that element of dance that involves a direct connection with modern American jazz.

Friday 3:30-5 p.m., Westmoor Clubhouse; Saturday 1:30-3:30 p.m., War Memorial Community Center.

Drama Workshop—This activity will be a continuation of a successful summer program that gives the teenager the opportunity to experience readings, rehearsals and drama presentations. Group activity will be directed towards the production of stage presentations for performance before various community audiences. The Saturday morning period will be devoted to pay readings and rehearsals. The Thursday evening session will be used to explore and work with stagecraft, costuming, make-up and total stage production. This program is designed for boys and girls in the 7th grade and above.

Thursday 7:30-9 p.m., Westlake Park; Saturday 9-12 noon, Westmoor Park.

Additional information is available from the Recreation Department at PL 0850, Extension 18.

**New location
for Daly City
treasurer's**

In a move to make room for the expanding services of the City of Daly City, the City Treasurer's office has been moved to 39 Wellington Ave. The new location is between the city hall and the water and finance departments in a building occupied by Ralph Hall Insurance broker.

According to City Treasurer Joe Lewkowicz, a deputy will be selected in the near future and office hours will be from 8:30 to 12 and 1 to 5 p.m.

**Crisis in hospital
building plans**

**November
deadline set
for pledges**

Plans to build a 400-bed hospital here have reached a point of crisis, according to Federal Judge George B. Harris.

Judge Harris, chairman of the Mary's Help Hospital Building Fund, told the Daly City Council last week unless an additional \$900,000 is raised in the next six weeks drastic changes in plans will have to be made.

Harris underlined the crisis: "On November first, a decision in this matter must be made."

"That decision—400 beds or 250 beds—will be made solely upon the basis of the amount of money on hand and pledged as of that date."

"A 250-bed hospital is perhaps better than no hospital at all; but... statistics prove that Daly City is expanding so fast—and South San Francisco and Pacifica—that the day Mary's Help Hospital opens in Daly City—if it opens as a 250-bed hospital—it will be already obsolete as to size and an inadequate, sad half-measure."

Original plans have called for a 400-bed unit in Daly City to serve Northern San Mateo County.

Lethargy Charged

Judge Harris charged the people of Daly City and north San Mateo County with failure to share a public burden and lethargy.

He told the city council: "Without reflection or criticism on anyone, I am obliged to inform you that, thus far, San Mateo County has not lived up to its obligation to share the burden of the public subscription originally established in the amount of \$1,500,000 (toward a \$9,000,000 hospital)."

"There now has been subscribed both in cash and pledges approximately \$600,000."

"Well over 90 per cent of this amount has come from our benefactors in San Francisco."

"I cannot ascribe the reason for the apparent lethargy in North San Mateo County at large, and in Daly City in particular, which has resulted in the crisis we now face."

Could Be a Tragedy

Mayor Joseph Verducci, in his remarks to council following Judge Harris, pointed out that curtailed facilities would represent poor foresight on the part of the people of the area.

"Since the northern peninsula and Daly City is growing so quickly and promises to continue to grow in the future, it would be tragedy if the Mary's Help Hospital were not properly supported," said Verducci.

"All the planning that has gone into this project points

**20,000 increase in
county population**

People, people—and more people!

The latest San Mateo County population estimate of 508,600 by the State Department of Finance is being taken as a matter of course by most people. The fact this is a 20,000 increase in only one year will have its impact on all phases of city and county government.

This continued growth of almost five per cent a year, one might think, has its greatest impact on roads, schools, recreational facilities, etc. While this is true in every sense of the word one branch of county government gets the blow fast and accurate.

This is County Clerk John A. Bruning's Election Registration Department. Trying to keep up with construction projects to maintain a proper precinct balance is a year-round job. Just one large-size apartment building can disrupt the voter ratio in a large area. When you multiply this many times over the entire county the problem is exaggerated several fold.

"The average precinct is between 480 and 525 voters," John Kiefer, Election Division Head, said. "One apartment building can add 40 to 60 voters. We must plan for the possible registrations and this means changing precinct boundary lines. The situation at this time appears the most critical in San Mateo, Redwood City, Menlo Park and the unincorporated territories outside the cities."

Kiefer predicted a voter registration of 250,000 for next year's November General Election. To handle the huge increase, approval has been given to the leasing of 130 more voting machines, and, if growth continues at the present pace even that won't be enough, he predicted.

"There is one way the people can help—Register Early." If we can keep away from the last-minute registration rush, we save the taxpayers many hundreds of dollars for extra help. We urge everyone not on the voter list to fill out an affidavit of registration.

"The last two weeks rush

**Rumor humors
local officials**

A rumor floated into the Times news office Friday that the San Francisco International Airport wants to be annexed to Daly City.

Daly City Mayor Joseph Verducci handled the incident with good humored aplomb: "I'm flattered by the comment," he said.

"But, I think it's fantastic, far fetched, impossible and improbable!"

He added that whoever started the rumor, obviously new what city was the best one to annex to.

Pete Markovich, manager of the Daly City-Colma Chamber of Commerce, had himself a laugh and then said:

"That's the most fantastic thing I ever heard!"

**Local Demos
meet tonight**

The Daly City-Colma Democratic club's new meeting place will be at the Daly City War Memorial building.

The meeting will be held on Wednesday, Sept. 18, at 8 p.m. at which time Mayor Joe Verducci and also William Chapman, city engineer, will give talks on annexations.

before the registration deadline not only adds to the costs of elections, but makes our precincting job even that much more difficult. Voters complain if they are delayed at the election precinct, but if we are forced to add a hundred names at the last minute, the lines will get longer."

FUND RAISERS

"Their reluctance to beg, and their passion for anonymity makes fund raising for the Daughters of Charity a tough job indeed," said Chief Federal District Judge George B. Harris in addressing a joint meeting of the Daly City and South San Francisco Serra Clubs at the California Golf Club today (Friday, Sept. 13). Judge Harris is chairman of the board of Mary's Help Hospital, operated by the Daughters of Charity, who are abandoning their half-century old hospital on Guerrero St., San Francisco, to relocate in a modern new 400-bed \$9,000,000 facility in Daly City to serve all of North San Mateo County, fast-growing and presently without even emergency hospital facilities. Judge Harris and Roy Branson are co-chairmen in a two county drive (S.F. and San Mateo) to raise 15% of the needed funds. Ben Swig and Christian DeGulne are other co-chairmen. Pictured here with Judge Harris (left) is Elmer McGraw, prominent Daly City businessman and president of the Serra Club.

TRAGEDY STRUCK HERE

A welded steel cover has been placed over the three-foot-wide, 20-foot-deep corrugated iron pipe where little five-year-old Robert Matson met death Sunday morning.

Sgt. Henry Sundermann of the Daly City Police Department shows the cover and explains that the police department ordered them made to prevent further tragedy.

Daly City Engineer William Chapman said the guards were placed by his department and John Peterson of the city garage Sunday afternoon.

Two of these pipes protrude above ground on a privately owned vacant lot south of the

**Vandals
blamed
for death**

Vandals are being blamed for the death of Robert Matson, 5, who died at the bottom of a privately-owned 20-foot-deep drain pipe Sunday.

William Chapman, city engineer for Daly City, said that two 3-foot-wide pipes in a vacant lot in the 1400 block of Southgate Ave. had gratings over their entrances.

Apparently vandals tore the gratings off and carted them away.

Chapman said the grates were made of half-inch steel bars set 6-inches apart.

Daly City has replaced the grates with steel covers.

Pipe Not City-Owned

The pair of corrugated iron pipes which are some three feet above the ground and join an abandoned soil drainage system are not city-owned, explained Chapman.

"The system in the lot does not have any connection with either city-owned sanitary sewers or storm drains," Chapman said.

"We put the covers over the pipes even though it isn't city property to prevent another little child from being killed or hurt," the city engineer pointed out.

The storm drain on the lot and the 20-foot-deep corrugated pipes which join it were built to draw off water when the lot was being graded.

The system is private property.

**Boy dies in
drain shaft**

A little boy is dead. And a confused and grief-stricken mother is thinking, "If only..."

Little Robert Matson, the five-year old son of Mrs. Loretta Warto, 11 Santa Elena Ave., slipped and tumbled to his death at the bottom of an abandoned storm drain in the 1400 block of Southgate Ave. Sunday morning.

Police say he must have climbed up to the uncovered mouth of the three-foot-wide corrugated iron shaft and tried to go down a ladder reaching some 20 feet to the bottom.

He slipped.

He was found head-down and crumpled at the end of the ladder.

He had stopped breathing. Robert had been apparently playing in a vacant lot south of Southgate Ave. in the St. Francis area with his two-year-old brother, Joe, when he decided to look in the sewer.

When Robert had been gone a long time, his tiny brother went crying across the street that something had happened. Robert had fallen in a hole.

Ronald Presley, 15, a local police officer who called the fire department.

Fireman Paul DeNatale climbed into the drain shaft where he found the still little boy.

DeNatale began immediate mouth-to-mouth resuscitation at the bottom of the shaft.

After a while, because of the confined area, he brought the little body up and handed it to a neighbor, Vince Sanger, who handed it to Daly

City Police Officer Robert Crocker.

Crocker continued the mouth-to-mouth breathing while DeNatale prepared a resuscitator.

They worked for a long time. And during all of this, they tried external heart massage.

Finally they took the little boy in an ambulance to Kaiser Hospital in South San Francisco.

Fireman Jerry Grey and the ambulance steward continued to administer artificial respiration.

But, Robert Matson was pronounced dead on arrival at the hospital.

**Lab tests to
determine death**

It may take as much as ten days to determine finally what caused the death of little Robert Matson.

Robert Jensen, deputy coroner for San Mateo County, said Monday there were no immediate indications of why the little boy failed to respond to the life-saving efforts of Daly City policemen and firemen.

Jensen said that findings are being deferred pending further laboratory tests which could take up to ten days.

Nominations

Daly City-Colma Chamber of Commerce nomination of officers will be held at the regular meeting Thursday, Sept. 19, noon at Cypress Hills Golf Club, Hillside Blvd.

**St. Clair
to move to
Millbrae**

Bob St. Clair, Daly City councilman and '49er tackle will move to Millbrae after the first of the year.

This move will then leave two seats open on the Daly City council next year. Mayor Joseph Verducci next year will be in the race for San Mateo County supervisor.

St. Clair, who has two and one-half years left on his present term, was a key figure in Daly City's battle in Sacramento to keep the Cow Palace from getting special legislation enabling it to secede from the annexation of Bayshore City to Daly City.

The bill was defeated 15 to 1 in committee. St. Clair and City Manager Ed Frank spent two days in the state capital persuading legislators to back the city.

St. Clair's move would cause the remaining councilmen to appoint a successor to fill his unexpired term.

The giant 6-foot-6 St. Clair has built up a reputation during his five years on the council for being an outspoken man.

St. Clair said the move to Millbrae was prompted by better weather conditions in that city. Daly City has been his home since 1955.

He and his wife and five children will move into a house he is building in the Mills Estate area of Millbrae.

In addition to moving, St. Clair said he will probably end his 11-year career with the '49ers. After retirement he is expected to devote full time to three liquor stores he operates.

PRIDE BRINGS SMILES—Supervisor Chairman James V. Fitzgerald (left) and Vice Chairman William M. Werder smile broadly as L. T. Blensdale, vice president of the Governmental Research Council presents a resolution commending board members for reducing the county tax rate for the sixth year in a row. Blensdale, a resident of Burlingame, is chairman of the projects and program committee of GRC and Manager of Zellerbach Paper Co. in South San Francisco. The resolution cited the supervisors, county manager and all department heads "for their efforts and accomplishments in the continuance of economical, efficient, and effective governmental services in areas under their jurisdiction and control."

Grundyville--or life in Uncle Tom's cabin

By JACK WOOD

The Redwood country is a welcome relief from slubs, suburbs, housing developments and fog.

Grundy's resort is there, around a bend on U.S. 101, high above the Eel River, some four miles north of Leggett.

Chief proprietor is genial Tom Grundy, a burly Irishman with a booming voice who is about as familiar to his neck of the woods as the local Rain-bows.

One of the chief sports at the resort is fishing. Another is drinking and/or dancing. You can also eat there.

The only bad thing about imbibing is that it makes it hard to see pollywogs and frogs. The amphibians are used for trout bait.

Grundyburgers

Grundyville features Grundyburgers, a special sandwich, and the local deer are called

"Grunties" from the sound they make while running uphill.

This is Eel River country. You can catch trout here, and if you ask them, the local natives will be glad to lie about huge salmon they have caught.

All I caught were frogs and a few tadpoles. I had a pretty tough time doing that.

I didn't see any deer, but I got a couple of beautiful sound shots. Hit a tree stump dead center.

A Girl Named Flo

In the late evening after the third double vodka, the dance hall and bar take on a more genial glow. We twisted with an L.A. girl named Flo.

Flo had unbelievable hip action and the local boys really dug her. My brother also dug her. So did Tom Grundy. T.G. does a "twist" like a polar bear in a loose suit.

The local natives are unbelievable liars. One rugged

Shot ends family feud

A family quarrel in Daly City ended with a shooting Sunday night.

The victim, Al Jones of 213 Skyline Ave., was shot in the back by his wife, Lorain, 45, in the bedroom of their home.

Mrs. Jones, who was in bed, told police she did not know how she got hold of the gun, a .22 caliber revolver.

According to Daly City police officers, Jones had been quarreling with his wife and told her to shoot him. She did.

Jones afterwards drove to Mt. Zion hospital in San Francisco for treatment. The victim was hospitalized. Doctors phoned Daly City police who took Mrs. Jones into custody.

She appeared in Judge Becker's court on a charge of attempted murder. Trial has been set.

Merced Hts. clean-up campaign

Dirt and debris won't stand a chance in the Merced Heights neighborhood this weekend, when members of the Merced Heights Neighborhood Association go all out for neighborhood clean-up, Saturday, Sept. 14. Armed with brooms and buckets, neighborhood leaders, headed by Wisley Slade, chairman of the Public Service Committee of the association, will do battle against dirt and litter and their participation in the city's annual anti-litter campaign.

Sweeper and giant flusher trucks provided by the Bureau of Street Cleaning and Planting, San Francisco Department of Public Works, will assist in the chore. Employees of the Bureau, directed by Bernard M. Crotty, Bureau Chief, will demonstrate how professionals do a clean-up job.

The Merced Heights clean-up, giving streets and sidewalks a scrubbing the likes of which they've never had before, involves the area bounded by Junipero Serra, Ashton, Orizaba, Brotherhood and Holloway. The project is one of a series of events promoted by the Citizens Committee for Litter Control, starting with a giant kick-off parade each May, the committee sponsors city-wide activities during the entire year to help control the city's litter problem.

Coastside revisions in schools studied

Major revisions in the district's various teaching programs as the new school year begins were reviewed for trustees of the Laguna Salada elementary school district by superintendent of schools Frederick E. Lucas.

During the coming year, Lucas said, an attempt is being made in all instructional areas to relate studies more to the community, both geographically and in human terms.

He said the social studies program of the district is giving a greater emphasis on the nation's historical heritage to implement a state framework for social studies teaching.

Upset

A "resourceful opportunity teacher" will be provided at each school for a comprehensive program to help "under-achievers." The program, which had its beginnings four years ago in the district, will allow more personal attention to students who have not reached their grade levels because of various reasons, including the emotionally upset.

During the coming year, Lucas reported, the district will continue to build up its library program, and an effort will be made to improve the health and fitness program.

Two teachers, Tom Collins and Miss Barbara Streeter, who attended National Defense Act sponsored foreign language programs at Louisiana State University and Pomona College during the summer, reported on implementation of a foreign language program within the district.

White rats enrolled at A. Lincoln school

Eleven unusual "thirsters after knowledge" have joined the ranks of school goers. The Sixth Grade Class of Mrs. Una Stubbs, Abraham Lincoln Elementary School, has enrolled as special students a family of white rats. The father—Mr. McGoo and the mother—Taffy, were brought to the classroom on the second day of the fall term by Katie Brown, member of the class. Shortly after enrollment, Taffy gave birth to nine tiny offspring. The babies, as well as the parent rats, are busy absorbing class routines and the rudiments of the Three R's.

Rally Sunday planned at Seaciff church

"Get into the Picture" is the theme chosen for rally day and promotion of the Sunday school children at Seaciff Community Church, 50 Northridge Dr., Daly City, on September 29, 9:45 a.m. All children attending Sunday School in September will get their picture taken and will be able to compete for prizes which will be awarded for Sunday school attendance, church attendance and for bringing visitors.

It will also be homecoming Sunday for out of town members of the church. A dinner to be served after the Sunday service is being planned for members and friends.

A special feature of rally day will be an opportunity to get family group pictures taken for the church directory.

Mrs. Del Dilbeck and Mrs. Frank Toft, co-chairmen of the event have named the following committee chairmen: Kurt Pochelman, rally day and promotion; Betty Disque, publicity; and Mrs. Merle Rosemeyer, homecoming.

The month of September will be a very busy month for members of the Vista Grande Ave. Christian Church. The two groups of The Christian Women's Fellowship have already met this month and are now planning their quarterly pot luck luncheon which will be held Sept. 18 in Fireside Hall.

The executive board of the CWF will meet at 10 a.m. followed by the program of the day and business at 11 o'clock. Then luncheon and fellowship will begin at noon.

There will be a service meeting of the CWF Sept. 25 starting at 10 a.m., under the direction of President Lorene McKee. The women are asked to bring scissors and thimble and their lunch and they will work on quilts for missionary work.

Two sessions of Retreat for the women of all the Christian Churches in this area will be held Sept. 26-27 and 28-29 at Mission Springs, located in the Santa Cruz mountains.

A ham dinner will be served in Fireside Hall Sept. 27 at 7:30. The Rev. David Todd, who is a missionary, will speak on the Leprosy Colony.

Every Wednesday evening from 7 to 7:30 an impromptu prayer meeting will be held in the church library in connection with Evangelistic calling.

Rev. Harold P. Lockwood is minister of the church and Rev. Paul E. Kenny is associate minister.

Many hours of serious meditation and human tears will be experienced by most worshippers, who, without food or water will pray with sincere hearts for the good and welfare of all Americans.

The Rabbi, as in ages past, still takes the role of the High Priest or prophet—teacher and moral adviser to his congregation—inducting the worshippers with religious fervor and enthusiasm in God's realm.

Beautiful melodies and chants, some composed centuries ago, will be heard. Some are Spanish and Portuguese in motif; others were composed

in various other parts of the world.

Many cruel happenings and events will be reviewed as they have taken place throughout our history. The memorial part of the service during these days of atonement are classical examples of how a people who have endured so much suffering and degradation have kept aloft the high ideals of the religious life of man.

Our people still follow Jewish traditions and Jewish precepts regardless of time and change. God is still the center of attraction to us and religion is still the hope of all of mankind.

The living and the dead have a purpose in God's realm, and each generation must indurate the young, the ideals of justice, as the cornerstone of human society.

Many hours of serious meditation and human tears will be experienced by most worshippers, who, without food or water will pray with sincere hearts for the good and welfare of all Americans.

Daughters of Israel to be feted Sunday

This Sunday, Sept. 22 at 2 p.m. Temple B'nai Israel will hold a special farewell service honoring the Daughters of Israel. The service will be conducted by Rabbi Shore.

This senior organization, which has been affiliated with Temple B'nai Israel for the past 50 years, is now being honored by the Congregation because of their wonderful work during the past years.

When this women's group was first organized, Daly City had a thriving Jewish community and Jewish activities were at a great height. The Congregation was then new, and most of these ladies were newlyweds. It was a thrilling experience to them to be organized as a social and charitable organization.

In the course of these years, many of these ladies who are now grandmothers have continued to do charitable work in this area helping both Christians and Jews alike when in need.

Now that the Congregation is making way for the freeway and the building will be removed, it is befitting that the Jewish Community of Daly City pay tribute to these gallant women for their wonderful achievements in the field of social welfare. Their president, Mrs. Sadie Zeller and Congregation president, Mr. Julius Michaelis cordially invite the Jewish community to attend this memorable occasion.

Wesley Methodist plans donut sale

Methodist Church will conduct a doughnut sale at Susie's Quality Donut Shop in St. Francis Heights Shopping Center on Saturday, Oct. 5 during the hours 8 a.m. to 6 p.m.

The doughnuts are being furnished by the store owner, Ted Lambertson and will be sold at a bargain of 15 for the price of 12.

The sale is sponsored by the Woman's Society of Christian Service of Wesley Church. Chairman of the sale is Mrs. Rita Sowers. Advance orders are being taken by Mrs. Sowers at PL 5-7096, and those orders will be delivered to the homes by the members of the Church the day of the sale.

The proceeds of the sale will go to the church building fund. Construction of the new church, which will be located near St. Francis Shopping Center, is expected to begin within the year. The Church now meets at Thomas Edison School, 1255 Southgate Ave. Dr. Edward A. Wolfe is the minister.

Jeff Indians

Few veterans; lots of fight

Jefferson High's Varsity squad may have some rough going ahead of it in the upcoming 1963 NPL football season, but they are working up some real spirit to meet the opposition.

Coach Joe McGrath's Indians are heading for their first games with a relatively green team, few big linemen and small backs.

"But," says McGrath, "We have hopes; and we can't say what the team really looks like until we go against some of the other clubs and see what our squad does in the first few games."

The Indians have been hard hit this season with the loss of nine men who graduated last June.

With only three returning veterans to the game, McGrath says that the team "is not as far advanced as it was in pre-season last year."

"We are stressing defense and it looks as if we can expect a strong showing. This may pay off," says McGrath.

The Indians have three strongmen in returning Center Al Banfield, Quarterback Don Fisicaro and Left Halfback Leo Gotelli.

Fisicaro is good at passing and probably ranks with Westmoor's Quarterback Bruce Hix to make the outstanding passing pair in the NPL.

Gotelli may shape into one of the league's better runners. He averaged 8.3 yards rushing in last year's title.

Of a three-string squad of 33 men, only 10 came back for the Indians' '63 go-around.

Only six of these earned a letter last year.

"But," repeats Joe McGrath, "We have hopes."

HOPEFUL—Coach Joe McGrath runs through a play with Jeff's Varsity during practice on the Indian's field. With a tough schedule ahead of them, McGrath is concentrating on defense to bring the Indians through.

PASS PLAY—In practice last week, the Jeff Indians tuned up their passing defense. Jefferson meets Terra Linda here Friday at 2:45 p.m.

2 Ramsmen at CSM with Bulldogs

Two former Westmoor Ramsmen are making fresh tries this fall with the College of San Mateo Bulldogs.

Both were outstanding high school players.

Both won North Peninsula "Player-of-the-year" distinctions last season.

End Steve Schmuck was named for receiving 22 passes for 340 yards and three TD's in five league games.

Center Mike Pignataro just missed first team NPL honors, but still received the second team All-league nod.

Both men could see action this year.

Bulldog Coach Cliff Griffin thinks that he isn't going to have too many men since the Golden Gate Conference uses unlimited substitution and

Tug of war to highlight annual picnic

A tug of war between members of the Daly City finance department team and public works department team will highlight the Sept. 29 Daly City municipal employees picnic at Blackberry Farm, Cupertino.

Joe Lewkowitz, chairman, announces the finance squad will be anchored by policeman James Welsh, who last year was leading the annual pull until a tumble forced him out of competition.

Hefty Ed Tomasello, Recreation Department official, will anchor the public works squad. Rugged Chuck Vincent, recreation director, and husky Bill Chapman, engineering, will also fight for the "works."

Griffin plans to have separate offensive and defensive teams.

PAL pirates win division

Jim Wyatt's PAL Pirates sailed by the OLPH Grays for a 25-3 win in a game that meant the Division championship to the Pirates. The win gave the Pirates a perfect 6-0 record. Rich Hall got the starting nod for the Pirates and tossed a great game. He gave up 3 hits and scored 3 runs himself. The 3 Gray runs were unearned. Hall showed great control and poise throughout the game. Billy Sherbert was the big stickman for the Pirates with a homerun blow.

Little Jim Wyatt and Jerry Mahood scored 4 runs each. The lopsided score was due in great part to the inability of the Gray chukkers to find the plate. Several Gray pitchers gave up 18 runs before they settled down and made a game out of the marathon.

The Misracks Bombers pulled a surprise win over the BYA Rams 15-0. Dean Jachetta allowed the Rams (usually good hitters) 2 hits while fanning 10 batters. Don Du Pont hit 3 for 4 while Charley McVay and Dale Hilsendager got 2 for 3 for the Bombers.

This gives the Bombers a 3 won, 2 tie and 1 loss record. The Rams hold a 4 win, 2 loss record while the OLM Wolves have 3 wins, 1 tie and 2 loss record. This could lead to a 3 way tie for 2nd place.

The Wolves were given a scare this week by the Bender Roofing Cats. With a 7-1 lead in the top of the 5th, the Wolves gave up 2 hits, a walk, and an error. These were turned into 4 more runs for the Cats but fine defensive play by the Wolves put the stopper in the Cats' bottle. Fitzgerald of the Cats was cut down by a throw from center-

fielder Calderola to shortstop Thorne, to third baseman Carade, when he tried to stretch a double into a triple. Crittich, the Wolves' first baseman, also made a beautiful play when he faked a run-down, then threw to catcher Flynn to cut down a Cat runner trying to score from third.

The Far West Division finished up in a tie for first place. Joe Cardera's Holy Angels Lions and Fred Belluomini's PAL Redsox both came up with 4 win, 1 loss records. Second place also had two clubs with an equal claim on it. Bob Payne's Holy Angels Colts and Lennie Barnett's PAL Indians shared 3 and 2 records.

Big 6 division action was completed as the Misracks Mid-jets compiled a 5 win record to displace the PAL Cardinals (first round champions). Paul Campion's PAL Braves took second place honors.

BYA Relish Bakery coached

by George Brenk, Jerry Plyer and Ernie Kerger copped the title in the Intermediate Division with a 7-5 win over Ben Franklin Press. Mario Sandoval's moundwork was the big difference. He fanned 13 while giving up 4 walks. Sandoval, Gary Soules and Yogi Brenk accounted for 2 RBIs each. The championship came through the batting averages of Vic Yerby .354, Joe Anibale .328, Mario Sandoval .324, Yogi Brenk .323 and the outstanding play of Ron Judd, Russ Kerger, Mike Plyer, Paul Salinger, Gary Soules, Gary Stang, Jim Feldman, Steve Noffsinger, Chris Pacetti, Jim Ragland and Bill Rossi.

Frank Rodriguez's BYA Sky-line Plaza team took over the junior league championship by edging out the early league champs, the PAL Tigers. The Plaza finished up with a 5 and 1 record while the Tigers dropped games to the Plaza and the Cubs.

IT MOVES—This slingshot drag race of the year. This man-guided missile goes down the asphalt at better than 190 mph powered by a Chrysler super-charged engine.

Barely seen for the dust at the back of the rig is a parachute pack containing the chute used as a brake. Rear tires are 10-inch-wide slicks.

Half Moon Bay Drag Strip is one of the favored tracks in the country. High humidity at the bay increases engine performance.

Speed at Half Moon Bay

The final Bonus Point Drag Race of the year is scheduled for Half Moon Bay this Saturday and Sunday, Sept. 21 and 22.

Since this is the last opportunity for competitors to gain new titles or improve their positions in the national standings until the 1964 NHRA Winter Nationals, the turnout of high-speed machinery should be the greatest of the year.

Listed to compete are 37 of the country's fastest record holding stock cars, 12 of the nation's fastest gas coupes and

a large turnout of record holding gas and fuel dragsters, including the nation's No. 1 gas dragster on the Mr. Eliminator list, driven by Tony Nancy of Los Angeles.

Over \$3,000 in prizes, trophies and awards are at stake. Gates will open at 8 a.m. Sept. 21 and at 7 a.m. Sept. 22. Record runs, time trials and elimination races are set for the 21st. The following day will be devoted to record runs and time trials in the morning and trophy races, plus elimination races in the afternoon. Tickets can be purchased at

the gate. Children under 12 years are admitted free.

Half Moon Bay Drag Strip

is located 26 miles south of San Francisco on Coast Highway No. 1.

Cow Palace is a trade-mark

"Cow Palace," a name born in derision, has been dignified as a trade mark by the U.S. Patent Office.

Directors of No. 1-A District Agricultural Association which operate the huge livestock pavilion, convention site, hockey rink and basketball arena, irked by theft and misuse of the name by others, applied through Attorney General Stanley Mosk for the protection of trademarking.

The name was bestowed during the depression of the 30's by a local editorial writer who complained that a "palace for cows" was being built in Visitation Valley while people were starving all over the Bay Area.

Playboys lob ball champs

The Daily City Playboys took the Adult Lob Ball League title in a tremendous game with the Daily City Internationals.

Chuck Vincent, Director of Recreation, got the game off to a bang up start with a long blast over the left fielder's head to score the first run.

The Internationals came back and scored 2 runs to take the lead. Next time at bat with Alan Boyd and Mike Jaramillo on base, Jack Campbell singled, scoring Boyd and Jaramillo.

Then scored himself on International errors 4-4. With the ball game tied up, the Playboys scored again 5-4. In the next inning, the Playboys scored 2 more when Vincent came in on Jaramillo's home-run to right field 7-4.

In the bottom of the 6th, the Internationals tallied again on a Playboy error 7-5 and after holding the Playboys scoreless in the top of the 7th, went to bat. The first two International batters were put down by Paul "Golden Arm" Crowley.

At this point, the Internationals exploded with a barrage of hits but great Playboy defense held them to a single run with the final score Playboys 7, Internationals 6. The outstanding play of Pete Herames, centerfielder for the Internationals, was something to see.

Time after time, he robbed Playboys batters of hits, with a combination of skill and speed. Gary Attell stood out at third base for the Playboys. The Playboys voted Alan Boyd the most valuable player of the year award at a banquet held after the game.

Highlights from other games saw Webster striking out fourteen in pitching the Saints to 6-0 win over the Westmoor BYA Club. Webster aided his own four hit pitching in this contest by slamming out 2 hits. Reg Baumgardner was the only Westmoor hitter able to master the Saints' hurlers deliver as he had a perfect 3 for 3 at the plate.

Tom Fritchard's 15 strikeout pitching was the key to the Jefferson AC's recent win over the South Sunset AC 4-2. Jerry Benson led the 8 hit Jeff attack by going 3 for 4 and Dan Caffarella pounded out a big double to knock in the winning runs. Both clubs played errorless ball in a well played game.

Final League standings:

San Francisco Saints 6 0 —
Jefferson AC 4 2 2
Westmoor BYA 1 4 4 1/2
South Sunset AC 0 5 5 1/2

Facing up to taxes

The new budget for the City of Daly City again will have no tax increase despite general rising costs. A carry-over surplus built up by careful management by the Council and staff of the City has made this possible. Bonded indebtedness is at an all-time low and generally the picture is very good.

However, a day of reckoning will be at hand soon. Continual demands for more service by residents and for pay increases by personnel, inevitably lead to increased taxes. If the majority of the people want these services and are willing to pay for them, then it follows that taxes must go up.

We are sure that if this position is reached, that the Staff will recommend, and the City Council will continue their policy of pay as you go.

Most people are concerned and interested in the City tax rate, because it is a direct tax which we must face annually. How different from our attitude toward the Federal government, where we tend to grab any "hand-out" as "free" money, not realizing we pay it in with-holding taxes from every paycheck. And at the same time, we leave a legacy of debt to our children.

Thomas Jefferson wrote that no generation should ever borrow more than it can pay off in its lifetime. To do otherwise meant that property belonged to the dead, for they had enjoyed the benefits of borrowing, leaving future generations to suffer by paying the debts, without enjoying these same fruits of property which should be theirs.

Something for Everyone

By Samuel Chandler

"How could American students possibly be happy-slaves of American capitalism? We feel sorry for them; they have yet to win their freedom."

This is typical of the sentiments that Edgar Snow met while traveling through Red China. His book, "The Other Side of the River," is one of several that help readers understand the depth of Chinese Communism. It is filled with wise observations, well documented evaluations, and thoughtful predictions. Perhaps the most striking parts of the book are the answers given and recorded in reply to Mr. Snow's probing questions.

A new book is Mu Fu-Sheng's "The Withering of the Hundred Flowers." It argues that the gulf that separates Eastern communism from Western democracy must be bridged if world peace is to be preserved. This book has seven chapters. The first searches for the seeds of communism in Chinese history. The second, third, fourth, and fifth speak of the rulers and intellectuals and their goals. The sixth speaks of brainwashing; the seventh and the epilogue contain the author's observations and evaluations.

"In the Presence of My Enemies" is the moving story of the fight of Father John Cliftford to maintain his faith and his sanity while he was sub-

jected to intense brain washing and persecutions at the hands of Chinese functionaries.

"A Dragon for Christmas" is a novel picturing an American soldier of fortune in China. It is full of good fights and plenty of intrigues. It is a sort of Mickey Spillane in China type of thing.

Although "Born With the Dead" by Irina Kirk deals with Shanghai before the Communists captured China, it portrays the plight of displaced people in the Orient. It tells of the turmoils of an American journalist and the family of a Russian general in a city crowded with homeless, godless refugees.

So Stables took his weapon and journeyed to Redwood City. He located and entered the Crime Laboratory, and there conversed with Paul Dougherty.

Dougherty located some am-

munition of the approximate kind that kind that was used in the crime. This was twenty year old military hardball forty five caliber stuff.

The two men went to the tank, where Dougherty squeezed off six rounds. The projectiles were then recovered from the water, and the cartridge casings were picked up from the floor.

Dougherty retained two casings and two slugs for his own files. Stables retained two for his case file.

Two casings and two projectiles were packaged and addressed to the New York Sheriff. They were dumped into the mail, along with a letter which explained all of the action taken.

Now, a happy ending to the story would be that Stables' weapon checked out to be the murder weapon. But we don't know that, because he hasn't yet received his reply from the Sheriff. And it is improbable that this pistol is the murder weapon.

Police work includes the attention to detail and very small things—at least, good police work includes this attention. So in this case the attention was paid. The officer went through the proper motions that, too infrequently, but sometimes, pays off. And on those occasions, the payoff is a big one.

Robert Stables then turned to his other work. He had several burglaries to look into. There were three stolen rifles floating around somewhere. And he had to find a can of bore cleaner.

Military ammunition has a corrosive effect upon the bores of the weapons through which it travels. Stables was responsible for this weapon, which belonged to someone else. So he had to clean it.

A PAGE IN FLYING history was reopened last week when a restored Ford Tri-motor, the "Tin Goose" of air transports, appeared in the Bay Area. The plane was built in 1929, used as a home, and recently restored by American Airlines.

At 110 Miles per hour

Into the wild blue yonder

By JIM HARRAH
San Francisco today, from the viewpoint of the 30's, might be the title to a flight we made last Thursday.

The view was San Francisco, the sky overcast but with sunlight breaking through, and occasional streaks of rain.

The point from which the view was made was an ancient Ford trimotor, the "Tin Goose" transport of the 20's, originally operated by a predecessor of American Airlines.

Back when we started flying in the late 30's, the Ford trimotor was still fairly common, the latest and biggest plane being the now-famous DC-3. The Tin Goose was and is an ungainly looking craft, being somewhat of a cross between the single engine cabin plane, and the "modern" twin-engine. With its wide wings it

gave the appearance of a glider with engines.

Eight passengers, pilot and co-pilot were loaded in the engines started and we taxied to the end of the runway for warm-up and engine check-up. Then with a roar we moved slowly down the runway and reaching about 70 miles an hour we were airborne.

We climbed slowly to about 1,500 feet, being well over San Francisco before reaching this tremendous height. Meanwhile we had ample opportunity to look over most of International Airport, South San Francisco, Brisbane and Bayshore as they passed slowly below us.

Swinging around the waterfront we approached the Golden Gate bridge, and passed between and slightly above the towers. Then back across

the city, down the Peninsula and into the traffic pattern. We looked down into the backyards of Millbrae as we banked coming into the runways, enjoying a leisurely view of suburban life.

Two modern jets waited to take off, and we speculated on the remarks their pilots must have made to passengers who will be in New York in four hours.

The Ford trimotor we flew is one of nine still flying. One

we know of is used for smoke-jumpers who fight forest fires in Idaho. Our plane was rescued in Mexico, where the fuselage was being used as a home. It has been restored, and after touring the country will be placed in the Smithsonian Institution.

Three months ago we took a press-flight in the latest 990 jet airliners of American Airlines. Don't tell American, but confidentially, we enjoyed the flight in the Tin Goose more.

A new time, a new day, a new station—a war d-winning "Science In Action" with host Dr. Earl S. Herald of Daly City begins the new fall season this Thursday (Sept. 19) at 7:30 p.m. over KTVU. Certain to create additional interest in the program is the plan whereby an outstanding student scientist from Bay Area schools will demonstrate an experiment or invention for Dr. Herald.

For fourteen years the popular science show has been a "must" in Bay Area homes. The program has brought to the TV audience the world's most famous scientists as well as keeping the audience informed of the latest scientific developments. Many school districts throughout the nation use the program as supplementary assignments for students. The program is produced by the California Academy of Sciences.

Dr. Herald a long time resident in Daly City is a most able and talented program host. He is Curator of Aquatic Biology at the California Academy of Sciences' Aquarium in San Francisco and author of "Living Fishes of the World". For his guest on the first program he will have Dr. Harvey E. White, Director of Lawrence Hall of Science at the University of California who will demonstrate "Liquid Air". Future programs include one of space vehicles, reptiles and one sure to be of great interest to feminine viewers, "Cosmetic Surgery" which will tell about removing signs of age through plastic surgery.

Bouquets to KGO-TV—they will telecast top high school football games for the third season. Of particular interest to Daly City residents is the traditional Westmoor and Jefferson game which will be seen on November 2nd.

As in previous years an outstanding player will be chosen "prep player of the week". Again also special halftime features will include interviews with class leaders, reports on participating schools' scholastic achievements, and views of the schools.

The first telecast is scheduled for this Saturday (Sept. 20) at 8 a.m. with game between Berkeley High and Richmond.

St. Francisco's old ships come home Oct. 2

The old ship program has been financed from a \$2 million allocation to San Francisco from tidelands oil revenues returned to California by the federal government.

As befitting their return, the ships chose the date. The ships could not be docked at an appropriate hour other than on two dates in October. The initial October date was selected and DeTurk and Mayer said today that the vessels will be ready.

The C. A. Thayer was built in 1895 at a shipyard in Ralph, across the narrows of Humboldt Bay from Eureka. The Thayer sailed between Grays Harbor, Wash., and San Francisco for almost two decades carrying lumber.

The Wapama shuttled back and forth between San Francisco and the small ports along the Mendocino County coast. With a cargo capacity of 1,050,000 board feet of lumber, the Wapama also had space for 31 passengers.

After the Wapama was no longer used for lumber hauling, it sailed as an Alaskan transport until 1947. Following that was a nine-year period on Seattle's Lake Union mud flats. In 1956, the badly decayed old hulk was towed to San Francisco Bay for refurbishing as one of the proud mommentoes of San Francisco's maritime heritage.

The Eureka, built in Tiburon in 1890, was named Ukiah until

"Peacock Gap Concours d'Elegance" is the name of the affair and truly it will be elegant—the coming benefit for Florence Crittenton Home sponsored by the Marin Circle. Many localities from the North Peninsula Circle will be attending.

Highlighting the Concours will be a display of the fabulous Italian cars, Ferrari, by members of the Ferrari Club of Northern California. Approximately 10 cars will be shown including Super America model, California, Berlinetta and 2 plus 2 G.T. models.

Ferrari is a most unique car. According to Mr. Amerigo Manicardi, general sales manager of the Ferrari factory, Modena, Italy, (he was a recent San Francisco visitor) the allotment for the United States is 150 each year or approximately one car for every two million people. The yearly output of the factory is approximately 400 cars. So to be able to see such a large group of Ferraris on display at one place is certainly quite a treat.

Among Ferrari Club members who will have their car on exhibition are Ida and Frank Spadarella, owners of Toto's Restaurant on Junipero Serra Blvd. The dramatic car is sparkling white with black leather interior and is a 2 plus 2 G.T. model.

In addition the Concours will include other imported cars as well as vintage cars. Special events of particular interest to women include a fashion show, house tour and art exhibit.

The date for the coming benefit is Sunday, Sept. 29, beginning at 11 a.m. and it is open to the public. The place is the Peacock Gap Country Club (Highway 101 to San Rafael turn-off, east on Third St. to San Pedro Road). Admission is a donation of \$1.00 for adults and 50¢ for children. Why not plan to take the youngsters and make a day of it. An inexpensive buffet at Peacock Gap Clubhouse will be available. Tickets may be purchased locally from Kay Glebow at PL 6-0408.

One of the most dedicated workers in the North Peninsula Circle of Florence Crittenton Home is our community leader this week. She was one of the first members of the group and in fact held the initial meeting in her home. She is now vice-chairman of the organization.

Quite active in Holy Angels Church she does volunteer office work at the new school, is participating in the new parent-education group and was co-chairman of the Women Guild fashion show and rummage sale. She is investment chairman for the coming February fashion show.

Other community activities include heading a Cub Scout troop, assisting with Brownie activities and participating in all fund drives.

We salute Mel Bocci as our community leader of the week. The Bocci family, husband Thomas, and four youngsters, Debbie, Tom, Randy and Jeff live at 10 Village Lane. They have been residents of Garden Village for 16 years.

Calling all Montanans—the University of Montana Club of Northern California is holding their annual picnic on Sept. 29 at Junipero Serra Park, Crystal Springs Road in San Bruno. WHAT'S DOING

T. P. Coyne, your Telephone Manager in Daly City

Did you know that newspaper pages can be sent through the air by radio waves? This happens in San Francisco, for example, when each page of *The Wall Street Journal* is set in type. Complete pages are electronically "photographed" and transmitted over our microwave and cable system to the Journal's facsimile receivers in Riverside, California. There a negative is printed and removed (as shown at right), a metal plate is made, and the presses print a duplicate of the paper for Southern California. It's another example of how improved communications serve in more and more ways.

The front pages of your phone book contain information to help you get the most from your telephone service. Why not become familiar with them?

A vital pilot project in Civil Defense will start in September when San Mateo County families will begin their training in the new Medical Self-Help Training Program. This program is designed to teach essential health skills—from hygiene and sanitation to emergency childbirth.

Enrollment for the first session will be held Thursday, September 19, at nearby high schools, with actual classes to start the following week. A complete course will last one night per week for eight weeks; eight sessions over a 16-month period will be needed for the county goal: Training of at least one member of every family. (Instructor-teachers are now being trained by a volunteer 73-doctor medical faculty.)

During times of emergency, such as nuclear war, fire, earthquake or flood, physicians and allied medical personnel may not be available. Accordingly, families will want to know how to take care of themselves—the objective of Medical Self-Help. Authorities make clear that the program is not a substitute for professional medical care.

Pacific Telephone employees in San Mateo County, both men and women, have volunteered their off-duty services to help with the innumerable details of this important Civil Defense project.

Nineteen new teachers at Westmoor

Wednesday, September 18, 1963
WESTLAKE TIMES & THE RECORD Page 2

By Sherry Rosen
Novice navigators in the halls of Westmoor High may find comfort in the thought that their discomfort may well be shared by the 19 new teachers who entered WHS this fall. Hailing from New York to San Francisco, these new mentors have studied at 24 colleges and 12 universities, accumulating 24 degrees among them. Eight are beginning their teaching careers at Westmoor.

Art Department
Art department welcomes rookie E. Darrow, who studied at Bakersfield College and San Francisco State College. Two years ago Mr. Darrow was known at WHS as a student teacher under Mr. Robert Nissen, who is currently on sabbatical. Mr. Darrow taught at Jefferson last year. Also teaching art as well as English is Miss Charlotte Lee, graduate of the University of California in Berkeley. Miss Lee, who numbers fluency in the Cantonese dialect of Chinese among her accomplishments, formerly taught at Acaville Union High School.

Business
Training students to enter the business world are three new instructors. Mrs. Jeanne Sartor, who teaches general business and business typing, studied at City College of San Francisco and San Francisco State. Also a student teacher at WHS last year, the former Miss Parker coincidentally worked under Westmoor's Mr. William Parker, (no relation), at business department chairman.

Miss Maria Loscutoff, who also teaches general business and business typing, was born in Rahmet, Iran. Miss Loscutoff and her family came to this country in 1949, and she has since studied at Sierra Union College, SF State, and Sacramento State College. Another newcomer to the teaching field, Miss Loscutoff, whose parents were originally

from Russia, speaks Russian fluently and minored in the language at college.

Harold Highfill comes to Westmoor after one year as a teacher of advanced graphic technology at his alma mater, San Francisco State. Mr. Highfill saw many parts of the world during his 25 years in the Navy, four of which he spent as an instructor.

English Instructors
English is the field of several new instructors. Miss Judy Nelson, a native of Minnesota, teaches sophomore and junior English. Miss Nelson studied at Pepperdine College, UC in Santa Barbara, and Long Beach State College. Miss Janet Sannar, who formerly taught at Pittsburgh High School, teaches English to upperclassmen. She received her education at UC in Berkeley and San Francisco State. Mrs. Sylvia Segal, also a UC Berkeley graduate, is known mostly to freshmen English students. William D. Duke, who majored in philosophy as well as English at Santa Clara, University of San Francisco, and SF State, teaches both English and world history.

Newcomer to the foreign language department at WHS is Mr. George de Shazer. A native of Omaha, Neb., the new Spanish teacher studied at the University of Kansas and Fresno State College, majoring in Spanish and Latin American history.

Mrs. Marilyn Ammann from Brooklyn, N. Y., teaches home-making, foods, and clothing this year. Mrs. Ammann studied at Wheaton College in Illinois and Montclair College in New Jersey and has taught in New Jersey secondary schools.

Recent addition to the math department is Miss Jennie L. Gates, a Texan from Houston, who majored in French and minored in math at Oakland City College and UC in Berkeley. Miss Gates, who teaches

survey of math and algebra. has taught math as a long-term substitute at Lincoln High in San Francisco.

Softball is the specialty of Miss Victoria Gall, who teaches girls' P.E. to five classes. A native of Kansas City, Mo., Miss Gall graduated from UC in Santa Barbara.

Handy with the microscope for classes in biology and survey of science is Mr. Theodore M. Scallone, Sr. A graduate of UC in Davis, Mr. Scallone was a one-half year, long-term substitute at Mission High in San Francisco.

Social Sciences

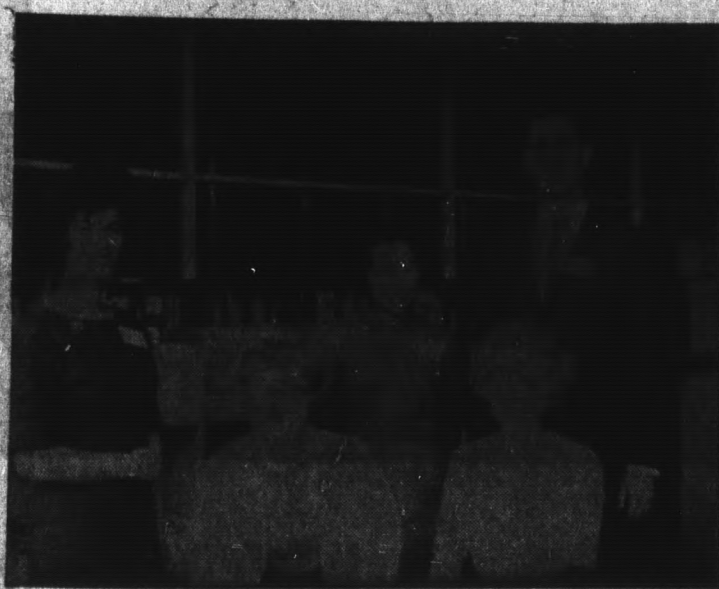

Several new social science instructors are at Westmoor this term. Miss Barbara Berg, who studied at the University of Oregon, City College of San Francisco, and UC, has begun her teaching career at WHS with classes in world history and United States history. Miss Berg has had experience in journalism as a student teacher at Oakland Tech.

From Boulder, Col. comes Mr.

Albert Evenich, who regrets to admit that he did not know astronaut Scott Carpenter as a boy. Now teaching social science, geography, and world history at WHS, Mr. Evenich studied at Carbon Junior College in Utah and at San Francisco State.

George McNutt, familiar to many Westmoorites, teaches social science and geography as well as a section of P.E. A former student teacher, Mr. McNutt taught P.E. at Westmoor last semester. Another newcomer to the department is Miss Phyllis A. Ferranti, a graduate of UC in Davis. Miss Ferranti is teaching sociology as well as homemaking.

Not a newcomer to the Jefferson Union High School District, but one to Westmoor, Ross A. Weinert teaches classes at WHS in Special Education and economics. At City College of San Francisco and SF State Mr. Weinert had a diversified field of study, majoring in English, language, arts, and journalism, and minoring in social science and business.

For reservations and more information, members of the Washington High Classes of 1943 may contact: Mr. Girard Rhine, c/o Mark Morris Tire Company, 999 Geary Street in San Francisco (OR 3-3441) or Mrs. Phil Shiffs (Ruth Bushner) at BA 1-0382.

HAIR GRADING TO PACIFICA SUBDIVISION
Pacific city councilmen ordered an immediate halt to subdivision work above Terra Nova boulevard last Wednesday after residents along the street where a giant boulder crashed into a home a month ago complained work was continuing despite previous assurances to the council grading had been halted.

Councilmen had assumed the work had been stopped after the city had ordered installation of a chain link fence at the bottom of a cliff as a safety measure. The city engineer last night reported to the council he had been told work had ceased.

Residents complained last night that continuing grading above their homes was creating the possibility another giant boulder might come crashing down into one of their homes. The engineer was ordered to check the project this morning and stop any work that is still going on.

An extensive change in the traffic pattern at the eastern end of Linda Mar was ordered after complaints were received from residents along Alcantara drive that their street has been used as a major thoroughfare since a bridge on Rostis drive was washed out last year. Arterial stop signs, truck route signs and pedestrian crosswalks will be changed, and a center strip down the center of the street will be painted out except on curves to de-emphasize the thoroughfare as a through street.

The council acted officially on the changes last night after studying them at a study meeting the night previous, at which they also agreed that a bond issue of approximately \$2,000,000 probably will have to be placed before voters to finance a city-wide drainage program.

Promotion to new grade on Sunday
The Our Redeemer's Church school will promote its pupils to the next highest grade, Sunday, Sept. 22, at both sessions of classes.

Two sessions of classes are conducted each Sunday morning, to care for the large enrollment of pupils. The 425 pupils enrolled during the past year are expected to return to their new classes. Some will register at 9:45 school and the others at the 11:00 a.m. school.

Mrs. Elmer Laursen, superintendent of the school, says the "new pupils may be enrolled on Sunday morning, preceding the class hour."

Teen membership drives underway

Membership drives in all of the teen clubs sponsored by the Daly City Recreation Department are now under way as each club is building up its membership for a year of fun-filled and interesting activities.

The Hi-Fi Teen Club which meets every Wednesday evening from 7:30-9:30 in the Memorial Community Center kicked off its drive last week and it will continue through Sept. 25. Membership in the club is open to any student attending Westmoor or Jefferson High Schools or who lives in Daly City and attends a school outside the city. Youth not attending school may join if they have not reached their 18th birthday. Applications are available at club meetings.

All new members of the club will be guests of the club at a free roller skating party slated for Wednesday evening, Oct. 2. Only cost will be 40c for transportation and insurance. Skating and skate rental are free for the 6:30-8:30 p.m. skating period at Skateland at the Beach. Other special activities planned for the club include a picnic in October, a hayride in November and a special Xmas Dance and Roller Skating in December.

Another new year at Vista Mar School
Back to school, a renewal of friendships, new books, new friends, and a new school year — welcomed Vista Mar students, teachers, and classified personnel. Vista Mar's groups as school opens is divided into two classes for each grade level.

Fifth and sixth graders will be offered glue club and instrumental instruction. The speech therapist will be in the building to instruct children, for two half-hour periods, who have speech difficulties.

The school's enrollment is of opening day was 476. This enrollment included 23 new students who registered on Friday, Sept. 6, as well as registration on opening day.

Teachers in the school serving as chairmen on committees are: Grade Chairman, Kindergarten — Mary Wade, 1st grade — Helen Boyle, 2nd grade — Mary Helen Monroe, 3rd grade — Peggy Dwyer, 4th grade — Jeane Oberlander, 5th grade — Angeline Friedman, 6th grade — Charles White; Publicity — Mary Wade, Policy — Jeane Oberlander, Susan Burney, Sunbeam — Susan Shaffer, Social — Frances Lanthier, Leota Johnson; Bulletin Boards — Paula Shepard; Representative to J.C.T.A. — Joan Oakley, Susan Burney, Junior Red Cross — Paula Shepard.

Parents are urged to immediately return the Emergency Information form properly completed and signed on the back to insure legality of directives in case of emergency. We further urge that parents notify the school promptly if there is any change of directive.
